Disappearing Serial Projections

S. Nowotarski and M.Mir (2019)
stn@stowers.org
mmir@stowers.org

ABOUT
This macro generates a Z projection at each frame of a stack and pairs that projection with original images leaving a memory trail of the data in previous frames.

 For use in Body of Inquiry: The Art, Biology, and Being of Flatworms 2020

REQUIREMENTS
This macro requires version 1.33

REFERENCE
